

FS2300, FS4300 & FS6300

Drywall Screwdrivers for Timber, Aluminium & Steel Struts

570W

Aluminium gear housing

One-touch locator
allows for easy locator
installation / removal
with a single action.

Exhaust vents
designed to prevent exhaust air
from blowing dust and debris
around when operating close
to floor level

Reversing switch

Variable speed control
by trigger switch.

LED job light
convenient for operation
in dark job sites.

Bit holder
for spare bit storage.

Locator holder
convenient for temporary
storage of locator
during operation

Model FS6300

Silent clutch
for quiet operation.
Direct drive transmission in
reverse rotation enables
unscrewing without
removing locator.

Durable belt clip
composed of sheet metal
sandwiched between
plastic layers for added strength

**Best possible tool body for
screwdriving ergonomically
designed to:**

- minimize operator fatigue
even during long
continuous operation.
- maximizes power thrust.
- allows smoother and
easier trigger pull.

Rubberized soft grip
provides comfortable grip
and more control, while
minimizing operator fatigue

MAKITA ADVANTAGE

Compact lightweight design
Well balanced for easy handling and maneuverability
Shorter overall length for easy screwdriving.
First corded screwdrivers equipped with LED job light.

SPECIFICATIONS

	FS2300	FS4300	FS6300
Application	Timber Struts	Aluminium Struts	Steel Struts
Capacities			
Drywall screw	5mm	5mm	4mm
Self drilling screw	6mm	6mm	-
Driving shank	6.35mm hex	6.35mm hex	6.35mm hex
Continuous rating input	570W	570W	570W
No load speed	0 - 2 500r/min	0 - 4,500 r/min	0 - 6,000 r/min
Overall dimensions			
L x W x H	290 x 70 x 207mm	279 x 65 x 207mm	279 x 65 x 207mm
Net weight	1.6kg	1.4kg	1.4kg
Power supply cord	2.5m	2.5m	2.5m
Carbon brush	CB419	CB419	CB419

FEATURES:

Double insulation	Yes	Yes	Yes
Reversing	Yes	Yes	Yes
Built-In job light	Yes	Yes	Yes
Variable speed	Yes	Yes	Yes

STANDARD EQUIPMENT:

Phillips insert bit	Yes	Yes	Yes
Magnetic bit holder	Yes	Yes	Yes
